## Kids II – neue Spielräume entdecken

Auf die Plätze, fertig, los! Mit dieser Kollektion brechen Kids und Teens auf in ferne Galaxien, teilen ihren Spielraum mit Einhörnern oder verwandeln ihr Reich in ein Sprayer-Paradies mit Graffiti. Während die Kleineren Löwen, Giraffen und Lamas besu-

chen, gehen die größeren Kinder in den großen Metropolen auf Entdeckungsreise. Frische Eiscreme-Farben kommen hier mit getünchten Backsteinmauern zusammen, mal erscheinen die Motive wie gemalt, mal hochauflösend aufgedruckt.

The image features a repeating pattern of vertical stripes. The stripes are arranged in a sequence of white, light blue, and dark blue. The light blue stripes have a fine, textured appearance, while the dark blue stripes are solid. The white stripes are also solid. The pattern repeats across the entire width of the image.
